

If I Fall

by Larissa Lam

Verse 1:

Expectations are high
Pressure is on to comply
All eyes are gazing at me
Waiting for some mistake
The final prize is at stake
Harder than I thought it would be

Chorus:

If I fall, You will catch me
If I stumble, You will lift me up
If I roam, You will find me
And lead me back home

Verse 2:

So far from invincible
Human and so vulnerable
Fighting hard not to be weak
Distractions can be immense
But where is my confidence?
Is it in You or in me?

Chorus:

If I fall, You will catch me
If I stumble, You will lift me up
If I roam, You will find me
And lead me back home

Bridge:

And if the enemy strikes
You'll give me strength to sustain
I'll put it all on the line
What I do won't be in vain, no—

Chorus 2x
