

## Why Do I Do by Larissa Lam

Verse 1:

In the summertime, I wanna feel rain  
But when it's cold outside, it drives me insane  
To my neighbor's house I take the longest route  
But you can catch me planning my whole life out  
Are you satisfied?  
What more can I say?

Chorus:

Why Do I Do the Things I Do  
Why Do I Do the Things I Do

Verse 2:

The middle of the night you'll find me awake  
But in broad daylight, any break I will take  
Sometimes it's hard to tell if it's for real or not  
But if I figured it out then I wouldn't need God  
Are you satisfied?  
What more can I say?

Bridge:

If it's love, I'll try to throw it away  
And if I'm right, it's gotta be a mistake  
For once, I won't let a good thing slip away
