

My Getaway

Verse 1:

Here am I, come take me away
To a place so simple and free
Where there's no lies
And no darkening of skies

Here am I come take me away
To a place so peaceful to me
Where there's no strife
And no loss of innocent life

Chorus:

*My getaway
Starting anew
I'll find my way
Looking forward to
That wondrous day when I will be with You*

*My getaway
Closer to you
So far away
From all that I do
till that day
I'll hope and pray You'll be coming back, coming back soon*

Verse 2:

Here am I, come take me away
To a place without any greed
Where there's no haste
And nothing considered a waste

Here am I come take me away
To a place without any need
Where there's no pain
And no color lines remain

Chorus
