

I Can Do Anything

by Larissa Lam

1st Verse

I can be anyone
Teacher, doctor, beauty queen
I can go anywhere
Shanghai, London, New Orleans
I'm confident anyhow only because I believe
I can do anything through Him who strengthens me

CHORUS

Oh, I can---
Endure the stormy weather pouring down and keeping me at bay
I can---
Overcome obstacles that try to slow me down along the way
I can---
Triumph eventually 'cause
I can do anything
I can do anything
I can do anything

2nd Verse

I can learn anything
German, math, biology
I can love anyone
Neighbor, boss, my enemy
It's difficult anyhow only if I don't believe
I can do anything through Him who strengthens me

CHORUS

Bridge:

I know I can rise above
High above
This cloud of negative energy
I know I can beat the odds
Even if the cards
Are stacked up against me
A little faith is all I need
